RIGHTS OF ENTRY

RIGHT OF ENTRY 3655

Charles W. Lund, Box 216, Gunnison, Utah 84634 has applied for a temporary right of entry for a small pond site on the following described land:

Township 19 South, Range 1 West SLB Sanpete County
Section 16: E2 of Tract #85 Piute Local Survey
Containing 19.84 acres

The pond was constructed last year on what was thought to be Mr. Lund's private ground. The Division had sold and patented several 40 acre parcels of land in this area which were later determined to be smaller than full 40 acre parcels by the Piute Project survey. Because of the discrepancy in size, the property lines were not correct. The applicant has filed an application to purchase this ground through public sale as a permanent resolution to this problem (PS 6850). This right of entry will cover the use of the pond during the processing of the sale application. Issuance of this right of entry will in no way obligate the Division of State Lands & Forestry to approve public sale application PS 6850. If this sale application is not approved or if the sale is not successful, the applicant will be liable for removing any improvements constructed, and the rehabilitation of the affected land. This right of entry will be issued for a period of 10 months with an expiration date of January 31, 1994. The fee for this right of entry is \$150.00 plus a \$50.00 application fee totaling \$200.00. School Fund.

Upon Mr. Brown's recommendation, the Acting Director, Kevin Carter, approved ROE 3655 for a period of 10 months.
